BRITAIN STRIKES AT DISOBEDIENCE LEADERS

Today

THE ENGLAND OF 1914.
MR. HAYES' BEER FLAT.
THE FAMILY OF FIVE.
CANCER AND OXYGEN.
—By Arthur Brisbane—
(Copyright 1929 By King Features Syndicate, Inc.)

THE Senate, and many more or less sentimental Americans, discuss the extent to which we should obey Great Britain as regards our national defense program.

Why not imitate Great Britain in the days of her power and self-confidence before the war, instead of following her in these days of her difficulties and financial distress?

BEFORE THE WAR Britain sang "We've got the men, we've got the ships, we've got the money, too."

At present they haven't got the money. We have it.

When the British had the money they built what they pleased, when they pleased, and told the world that they intended always to have a fleet equal to that of any other two nations on earth.

We don't need a giant fleet on the water to furnish targets for flyers.

We need strength, the greatest fighting air and submarine fleets in the world. We should be able, at any time, to say to any nation, "Don't interfere with us, and we shall not interfere with you."

"But, if you do interfere with us, we shall immediately destroy your most important cities. If you think we can't do it, come and see."

IN CHICAGO, JACK HAYES kept a "beer flat" supplying bootleg liquor. Such places pay blackmail to racketeers and extortionists. Hayes, ill in bed, told the police he was expecting extortionists. The police hid in his beer flat, the extortionists arrived at 2 a. m., saying they were policemen. Mrs. Hayes told them, "Some police officers are here now." They shot and killed Hayes in bed. The police shot and killed two of them.

The Chicago police have energy. They do shoot, and when they shoot, they kill.

DR. TUCKER OF THE U. S. naval hospital at Norfolk, discovers in fruit and vegetables "five good germs," called "the family of five." They give health and strength, supplying vitamins, life elements, essential to existence.

They are missing in green fruits, and die when fruits decay, making it poisonous. They are not injured by heat, and exist in canned fruits and vegetables. A vitally important discovery.

DR. SUNDBLOM, of the University of California, has cured cancer in rats by keeping them in tanks under low atmospheric pressure.

The "low oxygen tension" does not kill the rats, but cures 83 percent of the rats subjected to it, and afflicted with cancer. It diminished oxygen tension kills cancer, perhaps increased tension would cure it.

JEAN MERMOZ, HAVING flown the Atlantic in a seaplane in 20 hours and 12 minutes, was received in triumph at Rio Janeiro last night. The French are great flyers.

And the French government, one of the most intelligent on earth, knows enough to build an air fleet.

Salem Woman To Get Insurance In Death
LISBON, May 14.—A jury in common pleas court has determined that Nellie Whitcomb McGregor of Salem is entitled to participate in the state insurance fund, as the result of her husband's death from burns and injuries received while in the performance of his usual employment.

The commission denied the application when first presented, and then an appeal was taken to common pleas court. The verdict was signed by all 12 jurors.

Practically all testimony heard by the jury was from the transcript of the hearing before the commission at Columbus.

BYRD ARRIVES AT BALBOA ON VOYAGE HOME

Planes Zoom Through Air In Welcome To Chief Of Expedition

WILL GATHER MEN FOR THEIR RETURN

Vast Change In Explorer As He Appears In Natty Uniform

(By The Associated Press)

BALBOA, CANAL ZONE, May 14.—Rear Admiral Richard E. Byrd, homeward bound from his south polar exploration arrived at Balboa at 9:31 o'clock this morning.

The rear admiral and his small group of companions who had remained at Dunedin, New Zealand, longest, came into port aboard the liner, Rangitiki to an enthusiastic welcome by the people of the canal zone.

The famous explorer who is now enroute to the United States from his historic airplane flight over the south pole, probably will remain in the Canal Zone about two weeks assembling his comrades so that all may return to New York to receive the American nation's plaudits together.

Those aboard the Rangitiki with the rear admiral were: Russell Owen, New York Times correspondent; Lloyd Berkner, Charles E. Loftgren, William C. Haines and Richard Kontner.

The Rangitiki arrived in Balboa harbor an hour and a half later than had been expected. While proceeding up the harbor Byrd posed for pictures and conversed with friends who went out in small boats to greet him.

It was not the explorer still in his rough clothes who landed at Dunedin that greeted Balboa today. He was attired instead in his white rear admiral's uniform.

As the ship came into port airplanes attached to the United States navy and the Italian Airways circled his ship in hearty greeting.

The admiral had breakfast with his friend Capt. Hilton H. Railey.

The rear admiral's arrival here marked the first time that he had set foot on American territory since his departure on his great adventure a year and a half ago.

Talking to newspaper men in the smoking room of the Yankitiki, Rear Admiral Byrd said that he had no immediate plans for the future except to compile scientific data of the expedition which "will take a tremendous long time."

STUDENTS RIOT AT UNIVERSITY; DRY LAW CAUSE

Pupils Charge Watchmen Were "Patting Pockets Of Those On Campus"

POLICE, FIREMEN BATTLE WITH MOB

Several Slightly Injured During Disorders; 4 Are Arrested

(By The Associated Press)

CHICAGO, May 14.—University of Chicago students, holding a "protest meeting" against what they termed "dry snooping" at the university were dispersed late last night by police riot squads and firemen.

Not until the officers fired their revolvers into the air did the students, numbering 500, abandon the fight which was waged in the glare of a huge bonfire on the university campus.

A police lieutenant was struck on the arm by a brick, and several students were slightly injured when policemen tore into the crowd with their night clubs.

Cords called encouragement to the students from vantage points in dormitory windows and parked automobiles. Cheer leaders ran to and fro, bolstering the student morale.

Charge "Pocket Patting"

Several days ago some fraternity members were reported to have charged that watchmen hired by the university had been stopping students on the campus and patting their pockets in search of flasks. They said the watchmen had been placed backstage at performances of the Blackfriars, university theatrical organization, to make certain no liquor was there.

Following last night's Blackfriars performance of "Smart Aleck" at Mandell hall, on the campus, a group of students marched from dormitories to the campus and putting their pockets in search of flasks. They said the watchmen had been placed backstage at performances of the Blackfriars, university theatrical organization, to make certain no liquor was there.

PLAN WORK ON LINCOLN ROUTE

Highway In County Will Be Widened; Officials Give Program

Through the efforts of County Commissioner J. Howard Sinclair, the state highway department has announced its intent to widen the Lincoln highway for a distance of five miles in Hanover township this summer.

The road is to be widened to a width of 20 feet, and the improvement will extend from the Center-Hanover township line on the east to the public square in Hanover, where a 20-foot section of highway will be joined.

The Lincoln highway between Hanover and Kensington was widened last year, and between Kensington and East Rochester a mile of 20-foot concrete highway was built two years ago, and the highway widened several miles westward from the concrete with macadam last year. This latter stretch also to be widened to the Columbian-Carroll county line.

It has also been determined to widen a narrow bridge on the Lincoln highway in Kensington, and later it is proposed to run a new line for the highway from the public square in Hanover district westward and cross Sandy Creek on a straight curve instead of by the reverse curve over this creek in the public square.

O. L. BODENHAMER

LIVERPOOL TO PLAY HOST TO WAR VETERANS

Event To Honor National Commander Of Legion On May 23

American Legion members from Salem have been invited to attend a tri-state Rally which will be held at East Liverpool, Ohio, Friday, May 23, in honor of National Commander O. L. Bodenhamer, El Dorado, Ark., who will visit the pottery city on that date.

Five thousand war veterans from eastern Ohio, western Pennsylvania and the Panhandle section of West Virginia are expected to attend the celebration. Honor guests who will attend include Governor Myers Y. Cooper, President Hoover's representative, Secretary of Labor James Davis, Thad Brown, former secretary of state now counsel for the Federal Radio Commission; Col. William Marlan of the United States Veterans' Bureau and many others. State officers of the Legion from the three states are also expected to attend.

Five hundred guests are expected to attend the commander's banquet in the Traveler's hotel at 6 o'clock. A military parade, in which more than a score of bands and drum and bugle corps will take part, is scheduled for 8:30 o'clock. Commander Bodenhamer will make his principal address of the day from the reviewing stand at the close of the parade.

Band, drum and bugle corps, drill squad, manual-of-arms and other contests in which 3200 will be distributed in cash prizes will take place after the commander's address.

Honesty Best, Even To Avoid Arrest

CHICAGO, May 14.—A thief may be a thief but not necessarily a liar, and there is evidence to support it.

A police officer patrolling the near north side stopped to view with suspicion a man who was having trouble unlocking an automobile parked at the curb.

"What," inquired the officer, "are you doing?"

"I'm trying to steal this automobile, if I can ever get it unlocked," said the young man.

"He, ha, ha," laughed the officer, and stroled on.

If you think the young man was telling a story, ask Miss Ellen Root, for it was her car. "Was" is right. It's gone now.

Salem Potters Will Attend Union Event

The annual picnic of the National Brotherhood of Operative Potters to be held in Meyers Lake park at Canton, June 14, will attract a number of Salem residents.

Officials of the Stark Electric company at Alliance are making special arrangements to accommodate the potters and relatives for this outing.

There will be no special cars, it was announced today. Picnickers will be accommodated on the regular cars to the Canton city square. Arrangements are being made with the Northern Ohio Power company whereby tokens issued with the excursion tickets will be accepted on Canton city cars between the square and the park.

New Waterford Boy Seriously Injured

NEW WATERFORD, May 14.—The condition of Thomas Harris, five, son of Dr. and Mrs. L. P. Harris of this place remains serious.

He was struck by an automobile last week when he darted from behind a parked machine into the path of another.

He was badly bruised and cut about the head.

BOY SCOUTS WILL MARCH IN LINE

Rev. G. D. Keister Named Chaplain, Marshal Is S. N. Van Blaricom

City Solicitor Cecil Scott has been chosen by Salem's patriotic orders as one of the speakers at the Memorial Day celebration here Friday, May 30.

Atty. Scott will speak at the morning service, which is in charge of Allen Reynolds post, Veterans of Foreign Wars. It is to be held at Grandview cemetery.

The speaker for the afternoon service, in charge of Trecoast post, No. 10, G. A. R. and allied orders at Hope cemetery, has not been announced.

Rev. G. D. Keister, pastor of Holy Trinity English Lutheran church, has been selected for chaplain of the day. S. N. Van Blaricom will be marshal. His aides have not been announced.

Plans for the celebration were discussed at a meeting of the general committee Tuesday evening at the G. A. R. hall, East State st.

Children, who take part in the parade, will be entertained at the Grand theater, the committee reports.

Boy Scouts will furnish the drum corps and buglers.

The organizations will hold a joint picnic this year, as has been the custom the last two years. Committees were appointed to arrange for the event, although no date was set.

This will be the final meeting of the committee before Memorial day, although the committee will meet again on June 10, for disposition of business matters.

MANY EXPECTED AT BAND EVENT

High School Musicians To Entertain Tonight; Girls Will Sing

One of the largest crowds to attend a band concert here is expected for the entertainment offered by the Salem High school band and girls' club at the high school auditorium at 8 p. m. today.

The band will appear under the direction of Thomas McCullough with Grace P. Orr, director of public school music, conducting selections by the glee club. No admission will be charged.

Members of the band will have as guests the Kiwanis club, a section of seats having been reserved for Kiwanians and their families. The Kiwanis club recently sponsored a concert by the Ohio State university band which netted the school band \$515 for the purchase of new uniforms which will be worn tonight.

Salem high's band has made rapid progress since its origination in the 1928-29 school year. The band was started under the direction of Samuel Kraus, a student at McCullough, a graduate of Wooster college where he was active in musical activities, has directed the band since last May.

Memorial Speaker

GEORGE J. BUNN

NEW PRESIDENT OF ROTARY CLUB

Officers Are Elected At Meeting Tuesday; Hear John McSweeney

George J. Bunn was elected president of the Rotary club at the club's annual election of officers held Tuesday at the Elks home.

Russell C. Gibbs was elected vice-president; Atty. Charles G. McCorkhill secretary and Fred R. Pow, treasurer.

Wilbur J. Springer, Atty. Joel H. Sharp and H. W. Young were named on the board of directors. The new officers will assume charge in July.

John McSweeney of Wooster, three times a congressman from the 16th Ohio district, was the speaker at the meeting, discussing "Follow-up" before a large gathering, including Kiwanians and other guests of the Rotary group.

McSweeney explained the necessity of educating students in schools to the value of being able to follow examples in business and industry as shown by the country's leaders.

He stated that the modern system of education concentrated too greatly on the development of leadership when only a few students were able to become leaders.

McSweeney was introduced by Robert B. Anderson, former Salem resident and past president of the Rotary club, who is now living in Highland Park, Ill.

LINDY'S RECORD STILL UNBROKEN

Captain Turner Fails To Set New Mark On Long Trip

VALLEY STREAM, N. Y., May 14.—The transcontinental speed record set by Col. and Mrs. Charles A. Lindbergh still stood today despite the effort of Roscoe Turner and a Bon club to lower it.

After centering with strong head winds and bad flying weather over much of his route from Los Angeles, Turner was forced down at Curks field here at 7:40 p. m. (E. S. T.) yesterday, out of fuel and one hour, 13 minutes and 33 seconds behind the record time of the Lindberghs who crossed the continent in 14 hours, 23 minutes and 27 seconds.

Walter Ward, official timer for the National Aeronautic association, said that even if Turner had bettered the time of Colonel Lindbergh, his landing at Curtiss field would have barred him from claiming a new record, inasmuch as Roosevelt field was designated as the official landing place.

A GROWING GRAFT

Racketeering has been regarded as one of Chicago's problems, an unfortunate accompaniment to the vigorous manner of living characteristic of the Windy City. Other cities, in fact, have gone so far as to wrap their cloaks about them in civic righteousness and exude faint glows of pity upon receipt of the latest racketeering news from Chicago. A vexing and dangerous situation, to be sure, but one for which responsibility could not be shared.

It is, therefore, with some alarm that New York City discovers highly organized racketeering in its boundaries. No longer can that greatest of all metropolises level a scornful finger at her mid-western neighbor and raise a supercilious eyebrow. Investigation of police records shows that mobs have their greedy fingers deep in the pockets of building trades, laundries, clothing industries, milk distributors, ice cream manufacturers, ice retailers, restaurant owners, cab businesses, stock sales agencies, slot machine owners, club donation grafters, the fake doctor racket, blackmailing, the tattle-tale weeklies—every place where there is an opening for parasitic existence. The theory of extortion is not new to New York, of course, but its presence as an organized business is.

The theory of the racket, which originally included only traffic in liquors, beer and narcotics, is that the balance of power between two groups, one organized closely for profit and the other held together loosely by common interests, will swing to the organized group. For instance, the laundry racket in Brooklyn, which recently was exposed, collected thousands of dollars annually because the laundry owners were not organized to cope with it. Their trucks were wrecked, their deliveries confiscated, their plants bombed unless they paid their share of "protection."

The rapid growth of racketeering—a feudal system with vassals in every great city—may pass out of the hands of municipal jurisdiction eventually and become a common enemy of all great cities. Just as units in various industries are learning that they can save themselves by banding together, it may become necessary for cities to unite their resources to save themselves from parasites. The alarming thing about the appearance of highly organized racketeering in New York city is that it represents a growth of the activity, not a mere transfer from Chicago. The hoodlums are convinced that they are impregnable in the second largest city of the country; they now will start business in the largest city. They have an excuse to believe that if the inhabitants of Illinois will close one eye to the nefarious operations, the inhabitants of New York will do the same. The odds are with them. The New York police will fight back and will be aided to some extent by private citizens, but thousands will knuckle down, pay up and patronize the greedy plug-uglies who threaten to destroy them, thus making the work of the police more difficult.

Ethel Barrymore says that "what New York thinks is tremendously unimportant." It's just possible that New York has been lacking in appreciation of late.

What Others Say

"JIM" REED DISCONTENTED
Former Senator "Jim" Reed, of Missouri, who has been visiting Washington and points east, has returned to his home in a rather soured state of mind. Nothing is quite right in this old world of ours. He refers to Mr. Hoover as "a misplaced cipher" and after this slighting remark about the president of the United States he delivers a savage attack at those Democrats in congress who have voted for protective features of the tariff bill. He

says they have turned their backs on the ancient and fundamental principles of their party. "I hope," he cries, "that these gentlemen will be disciplined when they come forward for re-election. They have simply sold the party birthright for a mess of pottage."

The difficulty with Senator Reed is that he has not kept up with the procession in his own party. The last Democratic national convention was so careful of the language used on the tariff question that it might have almost been accepted by a Republican. And the presidential candidate of the party went out of his way to assure his hearers that there would be no tariff-smashing while he was in the White House—if he should be chosen as its tenant. He said furthermore that he would not favor any tariff legislation that would take a nickel out of the pocket of any American workman. There was only one inference to be taken from this—that he favored the protective principle. Moreover, some Democrats in congress have been voting for protective tariff laws for years. So why the sudden indignation of the man from Missouri?—Philadelphia Inquirer.

DEAFNESS IN CHILDREN

It is distressing to know how widespread deafness in children really is. One of the most hopeless of all ailments is steadily progressing deafness. When once it begins the trouble goes on and on, gradually growing worse.

A little over a year ago, the Bureau of Education of the United States department of the interior made a report on this subject. It gave the unpleasant news that more than three million children in the United States have impaired hearing. This is a serious matter.

Probably the most common cause of deafness is catarrh. The common cold may develop into common cause of deafness is catarrh. The inflammation of the nose and throat extends up the passageways to the middle ear. This produces what is called "middle ear deafness."

There can be no doubt that pus absorption from any part of the body will greatly lower the resistance to disease. Fermenting substances in the intestinal tract produce poisons which effect the whole system. Catarrhal troubles are considerably influenced by their absorption.

Even the strongest of us cannot resist the effects of these poisons. The sources should be cleared up. By the right diet, plenty of exercise and right living habits, we should keep the wonderful organs of ours in the best of working order.

There are other causes for deafness, beside catarrh. Some persons have a tendency to over-secretion of the wax glands of the ear canal. Then the wax may accumulate in this canal and it must be removed by a doctor. This form of impaired hearing is sometimes called "external ear deafness."

There is still another kind of deafness—"internal ear deafness."

The nerve of hearing is called the "auditory nerve." This nerve ends in delicate fibres which float about in a fluid found in the cavities of the bone. Except where perfect health is present these structures may not operate as they should.

Various things may cause an unusual drain upon the nerve energy and reduce the hearing power. In children ill health from any source—the after effects of scarlet fever or lowered vitality from other troubles—may bring on deafness.

It is a thing which should not be neglected. Medical knowledge today affords many methods of relief from deafness. If taken in time appropriate treatment may bring about full recovery.

The deaf child suffers under many difficulties. His deafness cannot but affect his disposition. Many a deaf child becomes retiring and morose. He cannot hear his teacher or what the class is saying. His contacts with the other children are difficult. He does not progress in his school work. He lags in his classes and gets discouraged.

When the slightest trace of deafness is detected in a child let the family doctor find out what is wrong with him physically. The first step is to make sure that needed measures are applied for building up the health. The deafness may be only temporary, but it is unwise to neglect it.

In some schools, classes in lip-reading for permanently deaf children have been started. This is really constructive work and should be encouraged. For thousands of children this will mean social and economic advances. Later in life lip-reading will enable the deaf person to compete in the business and professional world in making a living, as it now does in gaining an education.

Truly SPIT is a horrid word, but it is worse on the end of your cigar

... the war against Spitting is a crusade of decency ... join it. Smoke CERTIFIED CREMO!

Do you remember the old, filthy cigar shop where the man in the window rolled the leaves with dirty fingers ... and spit on the ends? More than half of all cigars made in this country are still made by hand, and therefore subject to the risk of spit! The modern CREMO METHOD of manufacture protects you against this abomination—gives you the finest cigar quality plus the cleanliness of Certified food!

The Stars Say —

For Thursday, May 15.
A day of rather peculiar developments, with unusual or singular events or experiences is predicted from the strong position with regard to the moon of Neptune—the erratic, eccentric and intriguing. The aspect favors new projects, especially those in negotiation with large corporations, mergers or secret societies. New undertakings may be pushed, with due precaution to deception, fraud or misrepresentation in either verbal or written agreements. Personal matters are also of intriguing aspect.

Those whose birthday it is may experience a year of peculiar or eccentric occurrences, with stratagem and intrigue dominant in affairs. New projects, especially those in connection with corporations, trusts or secret orders. Precaution against fraud, misrepresentation or treachery should be used in all manner of agreements or contracts. Personal matters also call for precaution.

A child born on this day should be clever and shrewd, inclining perhaps to make large deals of a subtle or strategic character.

BISHOP FACING CHURCH HEARING FOR ACTIVITIES

Charges Made That Stock Market Was Played By Cannon

(By The Associated Press)
DALLAS, TEX., May 14.—Bishop James Cannon, Jr., of Washington, D. C., today was expected to go before the episcopacy committee of the general conference of the Methodist Episcopal church, south, to defend himself against formal charges of actively "playing" the stock market.

Josephus Daniels, Raleigh, N. C., former secretary of the navy; F. T. Fitzhugh, Memphis, Tenn., and Judge James P. Woods, of Roanoke, Va., a former congressman, last night appeared before the committee and urged holding of a trial to clear up the accusations.

Much secrecy surrounded the proceedings, as well as decision on complaints, if any, made against the character of other members of the college of bishops.

Fitzhugh announced that in addition to himself, Daniels and Woods, 17 Methodist laymen signed the charges.

Fitzhugh explained that ministers were not asked to join in signing the allegations because if a trial were ordered traveling elders, or ministers who had been in the ministry at least four years, would be called to serve on the court.

Starting its second week the conference proper today began consideration of a proposal to consolidate and coordinate conferences. Granting of autonomy to churches in Mexico and Brazil also was up for discussion.

Yesterday the delegates voted down a proposed written constitution. The church is functioning under an "unwritten" set of rules.

It was believed the episcopacy committee would recommend the election of from two to four new bishops to add to the college of 13 members. The bishops would be nominated and elected from the floor of the conference.

CONVICTED MAN SEARCH OBJECT

Former Councilman From Cleveland Missing As Appeal Is Denied

CLEVELAND, May 14.—Deputy sheriffs today searched for former councilman Thomas W. Fleming, one time Negro Republican political boss, on a capias for his arrest to begin serving a 33-months sentence in the state penitentiary for accepting a bribe.

Fleming's home was deserted and his attorney said he was out of town. His counsel said he didn't know where Fleming was, but said he had been gone "for some time."

The arrest capias was issued last night when Assistant Prosecutor Hertz returned from Columbus with a certified copy of the mandate issued by the state supreme court after turning down Fleming's final appeal yesterday. Deputies began their search for the former councilman at once.

Fleming's plea to the supreme court asked reopening of the case on the ground that five of the jurymen which convicted him were members of the Ku Klux Klan. He was found guilty of accepting a \$200 bribe from Walter Oehme, crippled ex-police officer, to further legislation paying for injuries Oehme received in the line of duty. Oehme died since the trial.

sufficiently powerful to keep the rest of Europe, Great Britain included, in awe.

We should import some of those Frenchmen, for use in Washington.

WHILE THE WORLD congratulates France on this great flying achievement, it sympathizes deeply with Mexico in its loss of high-grade flyers, caused by unpropitious weather conditions.

The courage and skill shown by the Mexican aviators is worthy of all praise and admiration.

At Sholapur and Peshawar, British troops are reported to have crushed the Gandhi revolt.

On the ground native troops do the fighting and take their share of the wounds. In the air intelligent British with bombing planes impress the Hindus as safely as an owl flying over a field mouse nest.

THERE IS NO UNIVERSAL national feeling in India, Mohammedans hate Hindus, and vice versa. There are tens of millions of both. The native born Indians in the British army fight for Britain against their brothers "loyally."

Three hundred million Asiatics in India are kept in hand by only 200,000 Britishers on the spot, fewer than one-tenth of 1 per cent.

MR. MACAULEY, HEAD of the Canadian Sun Life Assurance Co., expects one stroke to regain soon 60 per cent of the losses made in the big 1929 break. He thinks that 1931 probably, 1932 surely will see "the 1929 peak once more."

MR. MACAULEY'S opinion is important, for he is the world's largest buyer of good American stocks. Some that you may have bought are probably not in his portfolio.

SENATE QUIZZES STIMSON, ADAMS

Cabinet Members Appear Before Committee In Conference Probe

WASHINGTON, May 14.—Two cabinet members whose signatures appear on the London naval treaty—Secretaries Stimson and Adams—were quizzed today and fired back in vigorous counter-attack.

Stimson, appearing for the third successive day before the foreign relations committee in the spacious hearing room in the senate office building, was cross-examined by Senator Johnson of California about the records of the London conference. He said no regular records were kept except of the public sessions and of the meetings of heads of delegations.

In a much smaller room across the street in the capitol itself, Chairman Hale of the naval committee asked Adams why certain elements of American naval policy had been "changed radically" at London.

The navy secretary denied that modification of the big-cruiser program already authorized by congress represented a hazardous American sacrifice.

Stimson and the foreign relations committee hearing proved the drawing card. The big room was crowded while in contrast the smaller naval committee room had plenty of vacant seats.

FILIBUSTER IN SENATE LOOMING

Rivers and Harbors Bill May Meet Strong Opposition Support When It Comes Up

WASHINGTON, May 14.—Threats of a filibuster in the senate against the \$110,535,027 house rivers and harbors bill were encountered today with warnings that the house would keep congress in session this summer until the controversial measure is enacted.

Representative Tilton of Connecticut, the Republican leader in the house, conceded that the report a move to keep congress going until the bill is passed "is a very reasonable deduction."

Senator Vandenberg, Republican, Michigan, who is fighting a provision for the federal government to take over the Erie canal in New York state, reiterated that there would be "some long talking in the senate" before "this Christmas tree bill" got through.

Senator Copeland, New York Democrat, and one of the leading proponents of the Erie canal provision, replied that he too is ready to filibuster unless the bill retains that provision.

Sheriff Would Send Prisoner To Lima

LISBON, May 14.—Fred Sykes, of Philadelphia, a prisoner in the county jail, who is awaiting removal to the penitentiary to begin a sentence of from one to five years on his plea of guilty to assault, should be committed to the Lima State Hospital for the insane, according to Sheriff W. J. Barlow.

Sykes drank a pint of liquid disinfectant last Friday night with suicidal intent. For several hours it was believed that he would not live. After drinking the poison his body turned a blue color, and this same color continues in his fingers.

His only diet now is milk and eggs. It has not been determined when he will be removed to the penitentiary.

Sykes who is aged 25 years was committed to the county jail from municipal court at East Liverpool.

Prisoners Captured

CAPONE AGAIN ARRESTED BY MIAMI POLICE

Spends Night On Cot In Jail; Three Others Also Prisoners

(By The Associated Press)
MIAMI, FLA., May 14.—"Scarface Al" Capone slept on a jail cot last night, a prisoner for the second time since Miami authorities determined to cut short his stay here by arresting him on sight.

Seized while attending a boxing bout the harrassed gang leader was placed in jail at an hour which his attorneys found to be too late to locate a judge for a habeas corpus hearing.

When Capone first was arrested last Thursday on a technical charge of "investigation" Miami police described their tactics as an adoption of the "Chicago plan" of picking up naggers when ever they are seen on the city's streets. In detaining Capone overnight, however,

they outdid the authors of the scheme for although Chicago police frequently questioned Capone his only jail experience was his 10 months sentence in Pennsylvania for carrying concealed weapons. Three companions were held with Capone, Nick Circella, 31, and Albert Prignano, 38, were arrested and released with him last week. The fourth man was Sylvester Agoglia, 35, who said he was a Chicago undertaker. Capone had \$700 in cash when arrested and his companions carried smaller amounts.

RADIO BUILDERS NAMED IN SUIT

Government To Determine If Trust Exists In Large Combine

WASHINGTON, May 14.—A suit to determine whether any monopoly in violation of the Sherman anti-trust law is operating in the field of radio equipment manufacture had been filed by the department of justice naming 10 leading manufacturers as defendants.

Validity of the proposed acquisition of manufacturing rights of the Westinghouse and General Electric companies by the Radio Corporation of America through an exchange of stock.

An announcement that the suit had been filed in Wilmington, Del., was made late yesterday by the justice department. The defendants, in addition to the three already mentioned, were listed as the American Telephone & Telegraph Co., the Western Electric Co., the R. C. A. Victor company, the General Motors corporation.

The government in its petition alleged that through "a novel method of cross licensing patents," the defendants "have created a combination of exchange of stock through which they exercise joint control over the radio industry and that competition among them has ceased and that no outsider can obtain a license except on terms jointly prescribed by the chief defendants."

WINONA

James Shelleday returned Saturday from a trip through the western states including Wyoming, Utah, Colorado and Kansas, bringing with him a car load of horses.

The young people of the Winona Epworth league presented a Mothers' Day program at the Methodist church Sunday evening. The entertainment consisted in part of songs by the league, a talk by Mrs. Lydia Brantingham who took for her topic, Honor thy father and thy mother, and a song by Marjorie Fultz and Ruth Kuhl.

Margaret Stewart, leader for the evening, read selections from the Epworth Herald concerning the origin of Mothers' Day. Josephine Dunn, Mary Godaard and Marjorie Fultz told something of the mothers in India, China and Africa. Leora Stamp gave a reading concerning "Mothers." The members of the league later entertained their parents at a banquet in the basement dining room at which the group sang "Blessed be the tie that binds."

140 at Sunday School

The Sunday school attendance at the Methodist church Sunday morning was 140. A Mothers' Day program was rendered consisting of a song by Margaret and Martha Allison, a reading by Leora Stamp and songs by the members of Cora Cope's class of girls, later the mothers were each presented with carnations. Rev. Angle preached a Mother's day sermon at the regular preaching service and Richard Stamp sang "Mother O Mine."

Mrs. Florence Caskey of Alliance spent the weekend with her brother, Martin Brantingham and family. Mrs. Ella Jenkins and Mr. and Mrs. Edward Jenkins spent Sunday at the home of their daughter and sister, Mrs. Louis Hurdle who served a birthday dinner honoring Mrs. Ella Jenkins on her 78th and Edward on his 41st anniversary.

VISITS SALEM TUESDAY

THE Enna Jettick Aerocar which visited Salem Tuesday, is capable of taking the road at automobile speed. Built by Glenn Curtiss, its lines are those of an airplane body, and it is mounted to ride with utmost smoothness attached by an ingenious bird's beak coupling to the Willys-Knight coupe which furnishes motive power. Modernistic wicker and plush furniture, a radio, a telephone, barometer and a ship's clock make up its furnishings. At the rear is a room for carrying the shoe samples. The Aerocar weighs only 1200 pounds.

Eight American Debutantes To Make Court Appearance

(By The Associated Press)

LONDON May 14.—Eight American debutantes will achieve one of society's pinnacles tonight with presentation to King George and Queen Mary in the first royal court of the year at Buckingham palace.

Mrs. Charles G. Dawes, wife of the ambassador will make the presentations. The girls, in court dress, will curtsy their acknowledgments of the royal favor.

For the first time in two years King George will be present. Last year the Prince of Wales stood by the side of his mother.

TIED WHEN SHE GOT UP

Strengthened by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I used to be as tired when I got up in the morning as when I went to bed. I had fainting spells and palpitation. Of course it was my age. I read a Lydia E. Pinkham booklet and started taking the Vegetable Compound three times a day. I am now a well woman. Three of my neighbors know what it did for me so they are taking it too. I will write to any woman if Lydia E. Pinkham's Vegetable Compound will help her as it did me. I feel like a young woman now and I thank you."—Mrs. H. C. Henry, 286 Fuller Ave., St. Paul, Minnesota.

RHEUMATIC SUFFERER FINDS RELIEF IN OWA-TON-NA

Another of Canton's Well Known and Respected Citizens Praises This Fine Old Indian Remedy for Its Help in the Later Years of Life

Read the story of one of Canton's well known older citizens, Mr. E. W. Newhouse who resides at 2916 12th St. N. W. At the fine age of 72 Mr. Newhouse finds Owa-Ton-Na an effective aid in the maintenance of normal body function. He says: "For years I have suffered with occasional attacks of rheumatism which seemed to be getting gradually worse and more obstinate to treatment."

"Owa-Ton-Na was recommended to me so highly by a friend that I was induced to try it and I certainly am as well pleased with it as he was. Owa-Ton-Na just seems to cleanse the system from top to bottom. In a short time I began to feel much better. At night I slept fine and my bowels are acting better than they have for years. Headaches, backaches and dizzy spells left me. Pains over my body were relieved and today I feel like a different man altogether. Owa-Ton-Na surely is a fine remedy and deserves the confidence of anyone who suffers."

Thousands of pain-racked people are making the discovery of Owa-Ton-Na for themselves. It is essentially pure and harmless and has proved a valuable remedy in no end of cases where other methods of treatment had failed. Make the trial for yourself, get a bottle of Owa-Ton-Na today. It pays to go to the Buick Dealer

Two used cars may look much the same from the outside. Mileage, model, tires and general appearance may be all about alike.

Yet there may be a great deal of difference nevertheless—a difference in mechanical condition which will soon show up in actual driving.

You have only the word of the dealer to go by.

That's why it pays to go to the Buick dealer. You can rely on what he says. And you may be sure his price is fair.

AMERICA IS CHOOSING

BUICK

Consider what these SIX GREAT RECORDS mean to you . . .

- Two people have purchased Buicks, year after year, for every one buyer of any other automobile priced above \$1200.
- There are 700,000 more people driving Buicks than any other of the fifteen makes of cars in Buick's price class.
- Women, in every section of America, purchase more than twice as many Buicks as any other car priced above \$1200.
- More than four out of every five—88 per cent of the great army of 1,500,000 Buick owners—buy Buicks again and again.
- Month after month, today's Buick has won 30 to 50 per cent of the combined sales of the fifteen makes in its price class.
- Buick owners alone purchase more Buicks than the total annual production of any other car priced above \$1200.

Weather Has Little Effect On Product Of Salem Company

In Barre granite, it is generally recognized, is the finest material for monuments. While rain and wind and time will slowly eat away softer material used for this purpose, and lesser granites will gradually lose their finer lines and succumb to weathering, Barre granite has an eternal, unchanging strength that victoriously challenges the elements.

Marmon Car Wins Favor In Salem

Motor cars, like men, acquire reputations that can only be overthrown by their own actions. The builder of a really successful car has an asset in the character that car assumes among people. Then, when he makes an announcement of changes, they are accepted as having authority.

So the builder of a very fine car may be at the head of his class, but is not an authority on light, cheap cars. He has attained a specialization of his own. One car maker now has attained that specialization in straight rights, as the result of four years of work in that line. On them he is an authority because he has made good.

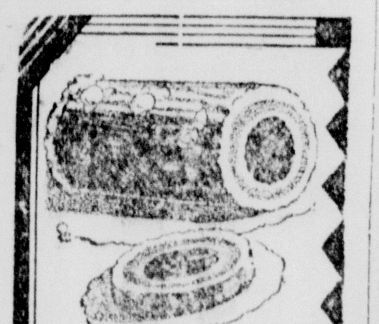

From the Marmon big eight to the Marmon Roosevelt, there are four cars in the Marmon line that meet all the needs from the man who wants the best to the man who performs must be content with a good car. Each of them is a mechanical and structural beauty—a car that one may enjoy, have comfort in and be proud of wherever he goes.

The Salem Storage Battery Company, in the rear of the Burns Hardware Company, are local representatives of the Marmon line, and they will be delighted to demonstrate to you why it has attained the commanding position it now occupies.

Superiority In Products Of National Sanitary Company Result Of Improved Designs

One of the great improvements in the making of enameled sanitary ware, as done by the National Sanitary company at its factory in this city, is the superiority of present designs over the shapes that were put out a few years ago. The utilitarian aspect of this ware was of first importance, and some of the earlier makers seemed to think that the style and shape were of little value, but the great American urge for the beautification of articles of utility could not be quenched, and so designers set to work.

Now the various shapes, often aided by the beautiful shades, are in themselves artistic enough to please the most fastidious. These designs have presented mechanical difficulties as well in the making. But these have been overcome, and bathroom fixtures and kitchen stands are today of high enough grade to go with the best furniture.

Improved China Coating

Along with this has come an improvement of the china coating that is baked onto the ware. When it is reflected that this substance is about like china plates, or perhaps

more like glass, it is recognized that in point of durability and ability to resist the slight blows and knocks of ordinary usage the chemists have secured a veritable triumph. Surfaces are so rare as to be unusual.

With it, too, is the perfect sanitary element. The surface is so dense that it cannot harbor even the minutest germ. It is so smooth that washing restores it to pristine cleanliness, and it is so hard and tough that it does not show any ordinary wear.

The people who remember the old cast iron bathtub, for instance, with its sticky enamel that was applied with a brush and had to be renewed so frequently, are delighted and amazed at the present triumph of enameling, in which the National Sanitary company has been both a leader and a most successful exponent. The people of this community may well be proud of this factory and manifest their pride by the general use of its products in their homes.

Candy Appreciated Gift For Mothers

When you were a kid a nice piece of candy represented the ultimate happiness. Did you ever know your mother in all that time to have any she did not more than share with you? Were there not times when you got the last piece remaining in the box, and mother was content with the happiness you reflected?

Now is the time to reverse the process. There is no reason why you should not express to her the thoughtfulness of which you are capable. There is no better way than by sending her a box of Hendricks candies. First place, any body who knows what good things are will be delighted with this Salem product. Just because it is a luxury of the first class, mother will appreciate it still more. Stop just at 140 South Lincoln ave. and give yourself the pleasure of picking out what you want.

FARM NOTES

Items of Interest
Taken from Ohio
Rural Districts

A warning has been issued by the Ohio Farm Bureau Service company through S. G. Howard, county service manager, asking dairymen to be hesitant in putting their cows on pasture too soon. At this season of the year the grass carries a very high percentage of water and is of little value as feed. Dairyman pasturing their cows now will likely experience a drop in milk production and risk the chance of throwing the cows off feed. The use of pasture at this time will greatly reduce its value later in the season when it should be an excellent source of roughage. Late May or early June should find the grass in shape to render the greatest value to the feeder.

Compulsory automobile liability insurance, a proposal which the Ohio Farm Bureau is opposing, received two setbacks, recently, word received by the Columbiana County Farm Bureau indicates.

A bill of this character was killed last week in the Quebec Legislative Assembly on the grounds that "experience in the United States had not been favorable." The Massachusetts Supreme Court has unanimously declared unconstitutional the Goodwin "state fund bill" for auto liability insurance under the compulsory law. The decision said the bill tended to create a monopoly unfair to insurance companies and also tended to take from the individual his right to contract with the insurance company he chooses.

Extra precautions are generally necessary against auto thieves in summer time, says M. E. Foltz, superintendent of claims of the Farm Bureau Mutual Automobile Insurance company in a letter received by the Columbiana County agent. It is the warm weather which brings them out, he said, and causes more thefts to occur than do take place during winter weather.

In summer there are more machines parked in streets than are parked in winter, Mr. Foltz said. Many drivers have formed a bad habit of leaving the keys in their machines and some even park their cars with the engine running. Both are tempting auto stealers and often in such instances the driver will return to his parking spot and find his machine has been taken. Even though a stolen machine is found it rarely escapes without some damage that necessitates a trip to a repair shop, Mr. Foltz declared.

The Ohio Farm Bureau News vacation service is beginning its second season, according to notice received by J. C. Pettorf, president of the Columbiana County Farm Bureau.

The Service has two objects: to promote vacations among farm folks and to exploit Ohio as a vacation state. To this end the service will help farm folks plan vacation trips in Ohio, outline routes, furnish hotel and tourist camp lists, and interesting data about any region of the state. The service is

LEETONIA CLASS BANQUET OCCURS

Senior-Junior Affair Has Excellent Attendance Good Program

LEETONIA, May 14.—The annual senior-junior banquet of the high school was held here in the Odd Fellows' temple Monday night.

A three-course dinner was served by the girls of the sophomore class with covers laid for 104, including members of the senior and junior classes, members of the board of education of the Leetonia consolidated school district and their wives and members of the high school faculty. The tables were beautifully decorated in the senior class colors.

Miss Lena Jane Beilhart, president of the junior class, was toast mistress.

Toasts were given by Rhea Miller, Helen Schaeffer, E. Walter Berg, Marion Moorman, Vera Chamberlain and Robert E. Fowler.

Charles Leedy, of Youngstown, was the entertainer following the speeches. Later cards and dancing were enjoyed.

COURT NEWS

PARTITION SOUGHT

Partition of lot 49 Todd's southern addition to Columbiana is sought in a petition filed in court by J. A. Vogelstein against Mabel Vogelstein and eight other defendants, all of whom, the petition recites, are entitled to one-ninth interest in the property. In this case E. P. Funkhouser was appointed administrator of the estate by Probate Judge Lodge Riddle Dec. 28 last.

Foreclosure Asked

Foreclosure of mortgage is sought in a petition filed by the La-Croft Land Co. against Joseph R. Morse and others with the Union Savings Loan Co., being named a party defendant. The plaintiffs gave their note for \$800 July 12, 1926, secured by mortgage on 10 lots in La-Croft addition, and the plaintiff now claims there is due of it from the defendants \$983.88 and interest from Jan. 12, 1930.

Journal Entries

A decree of partition in favor of the plaintiff has been granted by Judge W. P. Lones in the case of Rose Aley against Frank Aley, with an order of partition following. The commissioners appointed in this case are Sherman T. Herbert, W. Smith Fowler and George L. Brokaw. The court has also entered a finding of liens.

Leave to the plaintiff to file an amended petition at once has been granted by the court in the case of the Record Building & Loan Co. against Israel J. Allen and others. This issue filed for record Dec. 31 last prayed damages, a restraining order and injunction. The court has entered a judgment on the verdict for \$500 in favor of the plaintiff in the case of Clarence J. Loch against Ella Bradford and others, with a motion for a new trial overruled. The judgment also carries the cost of the suit, and was based upon a contract for the sale of an automobile.

Sues In Accident

Suit for \$10,000 damages has been filed in common pleas by Paul Culp, seven, through his father, Paul Culp, Sr., against William Bright, Springfield, and Wellsville. The petition states that the child was injured by a machine driven by Bright on May 1, and that Bright was guilty of negligence, and was driving the car while under the influence of liquor.

Rule Out Parties

COLUMBUS, May 14.—The 1930 election ballots will bar the Socialist, Prohibition, Socialist-Labor and Communist-Workers' parties because of the new ruling of the Attorney General that a party must at least present on its petition names totaling at least 15 per cent of the total vote cast for governor in the last preceding election.

MOVIES

"YOUNG EAGLES"

At The State

Men who laugh at death and dare everything for love feature the thrilling drama of the war ages, "Young Eagles." Charles (Buddy) Rogers is the star.

While "Wings" was, primarily, the story of friendship between brother pilots in the American air force, "Young Eagles" immortalizes the spirit of knight errantry which existed between the opposing pilots. These intrepid warriors of the skies battled ferociously and defied death daringly, yet they always insisted on a fair victory in a fair fight. There was a spirit of good-fellowship between the opposing aces, and this spirit "Young Eagles" has captured.

The cast includes Stuart Erwin, who provided such a riot of fun as the dumb "Axel" of "Sweetie." Hundreds of dare-devil pilots stunt and zoom and zip in the air battle sequences, and an array of seasoned troupers play the character roles. Frank Ross, Jack Liden, Freeman Wood, Gordon de Main, George Irving and Stanley Blystone are in the cast.

"NO, NO NANETTE"

At The Grand

Bernice Claire and Alexander Gray play the featured leading roles in "No, No, Nanette," the musical comedy picture now at the Grand theater.

Both these youngsters are comparative newcomers to the screen. Miss Claire portraying her first picture role and Gray his second. Gray's first screen role was opposite Marilyn Miller in "Sally," another First National musical production.

Last season Gray sang in the Chicago stage company of "The Desert Song" with Miss Claire. He is a graduate of Penn State college. His first theatrical engagement was in the Midnight Frolic on the New Amsterdam Roof in the Follies.

Miss Claire has sung in a number of popular stage musical comedies. She was a protégé of Madame Tietz, world-famous operatic star.

Shorten Lives

COLUMBUS, May 14.—Moderners are laying themselves open to physical disturbances that shorten their lives by their rush and bustle and stress from emotional conflict, according to Dr. L. A. Levison, of Toledo, attending the Ohio State Medical association meeting here. Living too fast causes general nervousness, irregular heart action and digestive disorders, the doctor told the delegates.

Man Indicted

SANDUSKY, May 14.—Robert Hirt, 24 member of a prominent Fremont, O., family, has been indicted by the county grand jury on a charge of entering the home of Mrs. Anna Camp, Sandusky widow. Hirt was at liberty today under \$30,000 bond. Mrs. Camp said Hirt was one of two men who took rings off her fingers and locked her in a closet.

YOUR PORCH
will look nice
and stay nice

YOUR porch will give a smiling greeting to your friends and it will prove a source of immense pleasure to you and your family if it is "fixed up" a bit.

The porch is really an outdoor sun parlor and its appearance should be considered as a matter of importance.

Due to the abuse to which it is exposed—rain, snow, sleet, ice and the hot rays of the sun—scuffing shoes and oft-moved chairs, the porch floor needs the best kind of protection that can be secured. For this protection we offer LOWE BROTHERS PORCH AND DECK PAINT.

It is very easy to put on—you will be pleased and surprised at the results you can obtain.

Northeastern Ohio District Meet Scheduled Here Saturday

Athletes Of Southern Division To Compete; Canton Defends Title

Schoolboy athletics from 30 Class A and B high schools in the southern division of northeastern Ohio will compete in the annual sectional track and field meet at Reilly stadium Saturday. Sixteen schools were entered up until Tuesday night more being expected today and Thursday.

Titles-honors were won last year by Canton McKinley, Salem High finishing second by eight and one-half points. Sixteen Class A and 17 Class B schools competed in the 1929 meet.

Preliminaries will be held starting at 9 a. m. while finals will start at 2 p. m. Separate contests will be held in all events for both "A" and "B" contestants. Five places will be counted for points.

Four teams amassing highest number of points in each division will be eligible to compete in the annual state interscholastic meet which will be held at Ohio State stadium, Columbus, on the following Saturday.

Entries Close Today
Entries for the meet close today, all correspondence entering teams being dated not later than May 13 being accepted. W. J. Springer is manager of the meet. The complete list of other officials has not been selected.

The southern half of the northeastern Ohio track and field division is regarded throughout the state as one of the outstanding sections, many records which compare

favorably to those registered by athletes throughout the country being produced in the meet. Three athletes from northeastern Ohio hold state records while one holds a national mark.

The record in the pole vault, 13 ft. 3 3/16 in. established by Lowell E. Allen in Chicago in 1928 is still regarded as official despite the performance of Wronowicz, Froebel High athlete of Gary, Ind., at the Ohio relays two weeks ago. Then Allen Rudy holds the state mark in the half mile at 1 min. 59.5 sec. and Boots Hawkins of Columbiana holds the state Class B record in the pole vault.

District Records

Records established by northeastern Ohio athletes in the meet follow:

100-yd dash—Fred Evereth, Youngstown South, 10.1 sec. 1929.
220-yd dash—Wright, Warren, 22.8 seconds, 1920.

440-yd dash—Sauer, Akron South, 52 seconds, 1928.

Half mile run—Allen Rudy, Canton McKinley, 2 min. 16 sec., 1929.
Mile run—Rea, Jefferson, 4 min. 42.8 sec., 1923.

120-yd high hurdles—E. Fitch, Lisbon, 16.8 seconds, 1929.

220-yd low hurdles—Arnold Seeds, Salem, 27 seconds, 1928.

Shot put—Walker, Akron East, 45 ft. 10 1/2 in., 1928.

Discus throw—Russell Myers, Salem, 121 ft. 4 in., 1916.

Javelin throw—Joseph Popeko, Akron Garfield, 168 ft. 8 in., 1929.

High jump—Smith, Boardman, 6 ft. 1/2 in., 1921.

Broad jump—Ward, East Palestine, 21 ft. 7 1/2 in., 1923.

Pole vault—Lowell E. Allen, Salem, 13 ft. 3 3/16 in., 1928.

Mile relay—Canton McKinley (McCormack, Barbour, Mason and Rudy), 3 min. 35.1 sec., 1929.

New French Sport Draws Crowds to Races

Hydrocycle is becoming so popular as a French sport that this recent race brought crowds of enthusiastic spectators. The race

was won by Miss Aimee Pfaner, who has already crossed the English Channel on her hydrocycle, and Mr. Rene Savard, French

champion. Miss Pfaner's legs are insured for 100,000 francs, or about \$4,000.

National League Race Has Aspect Of Being Tight As Few Points Separate Teams

(By The Associated Press)
The National league apparently is headed for one of the closest races in its long history, if the results of the first month of play can be taken as an indication of what will happen during the next four. The eight clubs have been playing almost a month now and they are hardly further apart in the standing than they were after the first day or two.

The New York Giants still hold the lead with an average of .636 although they were defeated yesterday by the St. Louis Cardinals, but the Chicago Cubs are close behind and five other clubs are within striking distance of them. Pittsburgh, the seventh team in today's standing, has an average of .500, the same mark as held by the New York Yankees who are fourth in the American league.

While the Giants were losing a tough struggle to St. Louis yesterday by a 6 to 4 score, the Cubs last through a big rally to beat out the Boston Braves, 9 to 8. Similar results today would leave Chicago only two points behind the Brooklyn Robins and Cincinnati Reds, kept idle by rain, remained tied for their place with 12 victories and 11 defeats apiece and led the Phillies and St. Louis only by a few percentage points.

St. Louis ran its string of victories to seven by defeating the Giants yesterday but only after some difficulties. "Wee Willie" Sherdel weakened in the sixth inning and put enough runs on base for a Giant victory, but a recruit, Jim Lindsey, appeared to hold the New Yorkers while the Cards came through with three successive doubles in the sixth to score the

deciding runs. The Cubs rolled up an 8-0 lead on the Braves then lost it as Boston scored six runs in the sixth and two more in the eighth. Chicago finally came through, with a single counter in the home half of the eighth to give Boston its seventh successive defeat.

Philadelphia pushed Pittsburgh's Pirates down into the second division with a steady hitting attack brought a 14 to 8 victory. The Pirates did not get started until the ninth, when they scored four runs.

Cleveland and Washington furnished the fireworks in the American league as the Indians opened a drive to take second place. The first three innings saw all the scoring as Cleveland won by an 11 to 6 score. The Indians made five runs in the first and six in the third while Washington scored five times in the third before the relief pitchers, Harder and Moore stopped the slugging.

The Philadelphia Athletics strengthened their grip on first place by outslugging the Chicago White Sox for a 14 to 7 victory. This game also produced two big innings, the A's scoring six runs in the sixth only to have Chicago

Mushball Loop To Open Here With 2 Games

Mayor John M. Davidson To Throw First Ball; Six Teams Entered

KIWANIS CLUB WILL MEET MACCABEES

More Teams Needed For Industrial League, Kelly States

Salem mushball teams will open the 1930 season with two games at Centennial park baseball field, Thursday evening, Joe M. Kelly announced today. Six teams are entered in the league while two more are expected.

Mayor John M. Davidson will officially open the mushball activities between the Kiwanis club and Maccabee lodge teams with the Salem Hardware and Mullins Manufactur-

ing corporation outfits clashing in the second.

The Electric Furnace and National Sanitary are also entered in the competition. Two teams are desired to make the competition and eight-team circuit similar to that held here in 1929. Managers proposing to organize a team are asked to call Kelly at the Memorial building not later than Thursday night.

All but one of the six teams have filed complete list of entries according to the new contract system which appears to have been introduced into the circuit with success.

After the industrial loop gets underway Kelly plans to organize a church league. Those anticipating a team from churches are asked to communicate with Kelly.

The season will run until late in August as in past years.

What The Stars Did Yesterday

MELHARDER, INDIANS—Relieved Miller in third inning and held Senators to one hit in 6 2-3 innings, enabling Indians to whip Washington, 11-6.
HACK WILSON, CUBS—Hit ninth homer of season to help Cubs nose out Braves, 9-8.
WAITE HOYT, Yankees—Beat Browns, 4-1, permitting only five hits.

CHUCK KLEIN, PHILLIES—Drove in four runs with single, double and eight homer of season as Phils beat Pirates, 14-8.

ART HERRING, TIGERS—Kept Red Sox' eight hits scattered and beat them, 4-1.

Reprimanded, Young Pupil Kills Self

CHICAGO, May 14.—Harold Weinstein, 13-year-old school boy, hanged himself in the cellar of his home after being reprimanded by his school teacher.

An unusually bright student, Harold had never before been criticized for his deportment, his mother said. His offense was recited before being called upon.

His teacher and the assistant principal of the school were summoned to the inquest today.

PLAN TO UNITE OHIO CHURCHES

Representatives Gather At Cleveland To Study Project

CLEVELAND, May 14.—Plans for Christian churches of Ohio were before representatives of the two denominations in separate business sessions at their annual conferences here.

The consolidation has been approved by the national organizations of the two churches, but must also be ratified by the state groups to become effective.

The Congregational state headquarters in Cleveland and the Christian headquarters in Piqua will be maintained separately for the present, officials said, to meet legal requirements while the merger is being arranged. Eventually, however, the headquarters are to be consolidated.

The Congregational conference of Ohio has 218 churches with more than 52,000 members. The Christian group has 192 churches with a membership of more than 21,000. Their combined property value is \$12,900,000 and their total annual contributions \$1,666,000.

COLUMBIANA

The Daughters of the King presented a "Famous Mothers" day service called "Famous Mothers" at the Lutheran church, Sunday evening.

Appropriate Mothers' Day services were given Sunday morning in the pulpits of all local churches. There was no Sunday evening service at the Methodist church, as the pastor, Rev. C. R. McEwen, delivered the baccalaureate sermon at the Fairfield centralized high school that evening.

Mr. and Mrs. C. E. Bender and family, Cadiz, spent Saturday afternoon in Columbiana. Mr. Bender is the newly-elected superintendent of the Columbiana schools.

Miss Evelyn Harman, teacher in the Warren schools, spent the week end with her parents, Mr. and Mrs. L. E. Harman, Middle St.

Mr. and Mrs. Vernon Blosser and daughter, and Mrs. Wilson Sittler and children and Mrs. Jacob Pfau, North Lima, were Columbiana shoppers Saturday evening.

E. P. Funkhouser, cashier of the Union Banking Co., is convalescing rapidly from a recent operation at the Salem City hospital. He expects to return home this week.

DAYTON, May 14.—William H. Gosson, 55, of Memphis, Tenn., died suddenly of heart disease while riding on a train between Springfield and Dayton last night.

Today's Pattern

Isn't this an adorable frock for a little miss? The tiny puffed sleeves, the dainty ruffling around neck and bottom of skirt, and the belt with a bow are features most becoming to youthful figures. There are bloomers, too, for the younger girls.

Pattern 1871 is darling made of crepe, georgette, organdie, lawn, tulle, or white. It would be adorable for graduation or confirmation. For a best dress, the pastel shades are delectful.

May be obtained only in sizes 4, 6 and 10. Size 8 requires 3 1/2 yards of 36 inch material.

No dressmaking experience is necessary to make this model with our pattern. Yardage for every size, and simple, exact instructions are given.

COUPON

This pattern will be delivered upon receipt of 15c in coin or stamps, carefully wrapped. Latest Fashion Book 10c. Send all orders to SALEM NEWS PATTERN DEPARTMENT, 243 WEST 17TH STREET, NEW YORK CITY.

Dry Agents Come As Barrel Explodes

DETROIT, May 14.—Tony Doukas, bartender, had heard a barrel making the same hissing noise all day, so he paid but little attention to it. Then—

"Boom," went the barrel, it quid splashed all over the place, and Tony was blown 10 feet away and knocked unconscious.

A couple of prohibition agents were nearby. They heard the blast, rushed to the place, revived Tony and excitedly began to sponge up the liquid from the exploded barrel. But—

It was genuine near beer, nothing else, so the agents went on their way.

Tony said he guessed he must have put too much air pressure in the barrel.

DAMASCUS

The morning service at the Friends church Sunday was in charge of Rev. F. P. Frazier, an Indian, who is a missionary among the Indians in Oklahoma under the Friends' Missionary board. In addition to telling of their work among the Indians, Rev. Frazier sang "Spirit of God," and "Jesus Is All the World to Me." Mrs. Frazier was ill and unable to be present as expected. Rev. Frazier was dressed in native costume. At the evening service Rev. H. C. Phillips used for his subject, "A Mother's Devotion." Misses Anna and Myrtle Griffith sang a duet.

The services at the Methodist church were held in the morning. Rev. C. F. Rothel pastor, preached a Mothers' day sermon, and the choir sang several special numbers.

The young peoples' meeting was addressed by Mr. Keener, a teacher in the Sebring schools. Miss Edna Primm and Mrs. Nessel Herndon sang a duet. Mrs. Margaret Chambers sang a solo and Tyrus Schwartz played his guitar.

Several from here attended the Damascus quarterly meeting of Friends at Beloit Saturday and the Missionary meeting held there Sunday afternoon.

Mr. and Mrs. Perce Gould of Ellyria, visited their uncle and aunt, Rev. and Mrs. C. F. Rothel, Sunday.

Mrs. Sylvester Jackson was the guest of her daughter, Mrs. Homer Elyson; Mrs. Thomas Borton was the guest of his sister, Miss Pearl Walker; and Mrs. Walter Oesch was the guest of her daughter, Mrs. Lee Wachsmuth at a Mothers' day banquet given by the Elizabeth Fry class of the Salem Friends church Friday evening.

COURT NEWS

Court Grants Divorce
On the grounds of wilful absence for over a period of three years, Alice P. Burford has obtained a divorce decree against her husband Dale Burford, upon the payment of the costs. Custody of a minor child has been awarded the plaintiff.

This action had been pending since April 25, 1929.

The former entry dismissing for want of prosecution the divorce action of Martha Holman against her husband Ellsworth F. Holman has been stricken from the record and the case has been reinstated on a motion sustained by the court. The case is expected to be assigned for trial at an early date.

Sue For Performance
Agnes O. Wilson and Sarah E. Barnes, through their counsel, F. W. Springer of East Palestine, have filed suit in common pleas court against Rena Gorby, residing on the East Palestine-Negley rd, for specific performance of contract.

The defendants agreed to purchase a farm of 72.06 acres from the plaintiffs, also agreeing to pay \$500 down on the \$6,300 purchase price, and the balance when a warranty deed and abstract was furnished. Possession was given the defendant, but when the deed was tendered the defendant failed to abide by the terms of the agreement. Judgment for \$5,800 is asked by the plaintiffs.

Suit Is Filed
Suit for \$340 and interest has been filed against the Central Casualty Co., by Willis E. Little, and by his counsel, Raymond Knepper of Wellsville. Service of summons will be served upon Roy Stern, agent, R. D. No. 1, Wellsville. The plaintiff held an accident policy in the defendant company, and following his injuries a claim for damage under the terms of the policy has not been discounted.

To Face Court
Oscar Goehner has failed to comply with a court order issued in the divorce action filed against him by his wife, Ethel Goehner, and a rule has been granted by Judge W. F. Lones, citing Goehner to appear in court May 19 and show cause why he should not be punished for contempt. Mrs. Goehner obtained a decree against the defendant April 18, last, and Goehner has failed to comply with an order for alimony as directed by the court.

Judgment Returned
Judgment by default for \$287.83 has been returned in common pleas court in favor of the Continental Jewelry Co., against S. C. Joy, with the costs also taxed against the defendant. The suit was based upon an account for merchandise.

Sale Order Entered
The report of the commissioners has been confirmed and an order of sale entered in the partition action filed by Lorena Fall against Catherine E. Tatgenhorst and others. The commissioners in this case were Millard E. Blythe, Joseph W. Lawton and M. R. Toland.

Party Defendants Named
In the foreclosure action filed by the Potters Savings & Loan Co., against John Swickard and others, new party defendants are the Citizens Lumber Co., Ralph T. Sayre, L. T. Steppes, Walter Misk, Peoples National bank, Wellsville, and S. W. Crawford.

J. C. Swickard has been made defendant in a suit on a cognovit note for \$573 in an action filed against him by Neil M. Richardson, the note being for one month and payable at the First National bank of East Liverpool.

Granted Leave to File
The court has granted leave to the Perpetual Savings and Loan company of Wellsville, to file its answer by May 24 in the case of the Crookery City Ice & Products Co., against the Crystal Ice Cream & Bottling Co., and others. This issue has been pending since Feb. 20, 1928, and was filed for the purpose of setting up claims and for the sale of real estate.

May Amend Petition
Tony Quinn in his \$5,294 damage action against the Y. & O. Railroad Co., has been granted leave to amend his petition by interlineation.

Real Estate Transfers
Windber Trust Co., and others as trustees, to Charles E. Smith and others, 12 lots, Oak Park addition, Fairfield township including oil and gas rights, \$1.

W. J. Barlow as sheriff, to Mary Burton, and others, 80.24 acres, section 20, Wayne township, \$600.

Alfred Norris and others to Willard Bryan and others, 20 acres, section 28, St. Clair township, and lot 11, Westfield addition in Liverpool township, \$10.

GAAHAM—the latest master stroke in greater value-giving can well be used as a guide to motor car buying.

GAAHAM urges you, for your present protection and your later satisfaction, to see the Graham Standard Six Town Sedan, factory list price \$845, before you purchase a car at anywhere near its price.

GAAHAM suggests that you consider its 115-inch wheelbase, unparalleled in its field.

GAAHAM confidently points to its six-cylinder, seven-bearing crankshaft motor, unmatched in its 66-horsepower, unrivalled in its generous main-bearing area of 81.4 square inches—with many other features of superiority, such as fully water-jacketed cylinders,

207 cubic inches piston displacement, pressure lubrication, chain driven generator and water pump, and submerged gear driven oil pump.

GAAHAM would direct your attention to the simplicity and dependability of its four-wheel hydraulic brakes, internal type, with 12-inch drums.

GAAHAM believes there is greater manageability in its cam and lever steering gear.

GAAHAM submits its new bodies, designed by Graham engineers and honestly built in Gramhams' own body plants.

GAAHAM recommends, as equally outstanding in quality and value, every car in its complete line of sixes and eights.

Always remember, in considering the quality standards of the Graham, that every Graham car is completely equipped with shatter-proof safety plate glass—and that at the lowest additional cost ever placed on such equipment

to amend his petition by interlineation.

STORMS RESULT IN CROP DAMAGE

Eight Counties In Northwestern Oklahoma Ravaged by Rains, Hail Monday Night

OKLAHOMA CITY, OKLA., May 14—Hail storms and torrential rains doing great damage to crops, have accompanied devastating winds into parts of the southwest.

Eight counties of northwestern Oklahoma were swept by hail storms last night. Leaves were stripped from trees, livestock was injured and homes were damaged.

High water also is causing alarm. Near Fort Worth, Texas, Junior McDermott, seven, son of Mr. and Mrs. E. G. McDermott, was drowned. The boy was swept from his mother's arms while she was carrying him from waters of Sycamore creek, swollen by heavy rains, which had invaded their farm.

HOMEWORTH

Mr. and Mrs. Raymond C. Miller attended the funeral of Mrs. Miller's uncle, Jacob Lewis, of Minn., Wednesday.

Miss Cella Walker entertained members of the Sardonix club at her home in Homeworth, Thursday evening.

Mrs. Edith Hodge of Pennsylvania is spending a few weeks with her daughter, Mrs. Kenneth Morgan.

Mr. and Mrs. John Wallace, Mr. and Mrs. Glen Wallace and Mr. and Mrs. Edward Salt and children were guests of Mr. and Mrs. R. C. Miller, Sunday.

Monroe Shidler and Mrs. Clarice Shidler and children of Freeburg, visited Mrs. Jennie Myers. Mrs. Myers has been quite ill but is improving.

Mrs. Henry Thomas is in the Alliance City hospital, for treatment.

Mrs. William Miller and aged woman of Homeworth, had the misfortune to fall and break her arm.

Mr. and Mrs. Herman Glanzman were given and old fashioned belling Tuesday night. They will go to housekeeping in the Mrs. James Crabbe property, south of Homeworth.

Mrs. Samantha Reed a former resident of Homeworth is very ill at her home in Alliance.

It was received here of the death of Robert Wayne Numan, eight-year-old son of Mr. and Mrs. Frank Numan of Minerva, after an illness of three months. Besides his parents he is survived by one brother, Junior, and one sister, Dorothy, at home; his grandparents, Mr. and Mrs. James Numan, all of Minerva. Funeral services were held Sunday afternoon at the home. Burial in Livery cemetery. He was a nephew of Glen Numan, Mrs. Percy Walker and Mrs. Harold Emmons, all of Homeworth.
